📍 Alipur, Delhi-110036

EDUCATION

2024-2028

P.I.E.T

- B.Tech - ECE

2022-2024

RISHIKUL VIDYAPEETH,
ALIPUR

→ Senior Secondary

SKILLS

- Embedded Systems
- Analog Electronics
- Arduino/Esp32
- Programming: C, Python, Verilog
- Leadership
- Effective Communication
- Teamwork & Problem Solving

LANGUAGES

- English (Fluent)
- Hindi (Fluent)

PROFILE

Motivated Electronics and Communication Engineering student with a strong foundation in electronics, digital systems, embedded systems, and programming. Passionate about problem-solving and learning new technologies. Seeking an internship or entry-level opportunity to apply technical skills in a professional environment.

WORK EXPERIENCE

TECHNOVIZ AUTOMATION

JULY 2025 - AUG

Industrial IoT & Automation Intern

2025

- Worked with industrial sensors, PLCs, and automation hardware.
- Assisted in embedded data acquisition and real-time monitoring systems.
- Observed fault diagnosis, system integration, and debugging workflows.
- Collaborated with engineers on live industrial automation projects.

IOT LAB PROJECT

AI-BASED SMART ENERGY MANAGEMENT SYSTEM

- Developed an IoT and AI based system to monitor and optimize electricity consumption in buildings.
- Integrated ESP32 with voltage and current sensors to collect real-time power usage data.
- Built a dashboard to visualize live energy consumption and system status.
- Implemented AI prediction model to forecast future energy demand and detect abnormal usage patterns.
- Designed for smart buildings and smart city energy optimization.
